DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 5, 8-10 and 14 finally are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Bohn, figures 1 and 2.

Allowable Subject Matter

3. Claims 2-4, 6, 7, 11-13 and 15 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

4. Applicant's arguments filed March 25, 2003 have been fully considered but they are not persuasive. Applicant argues that '476 cannot be used to accurately sharpen a curved blade, as it does not have a curved guide rail. It is noted that the claimed curved guide rail is set forth in claim 7, which is objected to as depending from a rejected base claim, but would be allowable if rewritten to incorporate the limitation of the base claim. Claim 1 does not limit the guide rail to a particular shape, only that the knife support means hold a knife at a different horizontal and higher vertical position from the guide rail. '476 discloses this invention. Applicant's support means is block 62. '476 discloses support means as block 28. Applicant's guide rail is 42, 44. '476 discloses

guide rail **24**. It is the examiner's position that '476 discloses applicant's claimed invention as set forth in claims 1, 5, 8-10 and 14.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
